

YOU have helped us forever change the lives of 16 local families throughout 2023! Twenty children now have a place to study, play and grow into adulthood. Twenty-one adults now have a legacy to leave their sons and daughters, many breaking generational family cycles.

Our work is not done for the year, however, as we invite YOUR **SUPPORT** to help us build a neighborhood of **SIX** more affordable homes, opening the **Doorway to Dreams** for six more hardworking families.

We've set a holiday campaign goal of **\$20,000**, needed to complete these homes. The sum will fund all exterior and interior doors for the six homes, helping to make them comfortable and safe.

WHO YOU'RE HELPING

Angel is one of the six families YOU will help walk through their **Doorway to Dreams**. This hard-working mom of four daughters has turned her life around from a troubled past and is now a strong, responsible college graduate working at a major hospital.

The family lives in a homeless shelter. They can't wait to have an affordable, quiet home for the kids to study and for Angel to fulfill her new work-at-home position for the hospital.

Your donation will help open the **Doorway to Dreams** for Angel, her children and the five other families in this new Habitat neighborhood.
